

Electric Rates Change

Energy Saver/Conservation Rate 6 is designed to reward residential customers who build or upgrade their homes to high efficiency standards, as prescribed by the International Energy Conservation Code. These standards are subject to change and affect ceilings, lighting, walls, floors, windows, doors, ducts, attic vents, water heaters, air conditioning, chimneys, and fireplaces.

Air conditioning systems must have a SEER rating equal to 1.0. SEER higher than the current Energy Star requirements (currently set at 15.0) to qualify for service under Rate 6. This rating is subject to change as energy codes are updated or revised.

See Rate 6 application forms on DominionEnergySC.com to see if you meet the qualifications for this rate. Please select new construction or existing home accordingly and submit as appropriate. You may also speak with a customer service representative at 1-800-251-7234 to obtain more details or get a copy of the application.

Rate 6 Residential Service Energy Saver/Conservation Rate

*Effective for bills rendered on and after
the first billing cycle of May 2022.*

Rate Per Month

	Summer (Billing Months June-September)	Winter (Billing Months October-May)
Basic Facilities Charge	\$9.00	\$9.00
Plus Energy Charge		
First 800 kWh @	\$0.12016 per kWh	\$0.12016 per kWh
Excess over 800 kWh @	\$0.13130 per kWh	\$0.11570 per kWh
Renewable Energy Resources	\$1.00	\$1.00

An EDIT Rider decrement (reduction) of \$0.00158 per kWh will be applied to the Energy Charges shown above.

Electric Rates Change

The Public Service Commission of South Carolina (“PSC”) approved changes to Dominion Energy South Carolina (“DESC”) retail electric rates. The effect of these adjustments is an increase to retail electric rates. Bill impacts will vary depending upon each customer’s class of service and usage characteristics. The changes are pursuant to: 1) an increase in the Company’s retail electric fuel factors driven by increased prices for natural gas, coal, and oil, as well as increasing amounts of solar energy that the Company must purchase; 2) an increase to the Company’s Demand Side Management Component; and 3) a decrease to the Company’s Pension Costs Component. These changes will become effective for bills rendered on and after the first billing cycle of May 2022.

The Renewable Energy Resources charges, implemented in 2016 to recover costs and incentives associated with the implementation of Renewable Energy Resources in South Carolina, cannot exceed \$1 per month for residential customers, \$10 per month for commercial customers, and \$100 per month for industrial customers, in compliance with the Distributed Energy Resources Program Act of 2014.

The approved Rate 6 and Rate 8 for residential service is provided. Rates for other classes of customers may be obtained by visiting DominionEnergySC.com/rates or contacting our customer service number at 1-800-251-7234.

Please Note: Customers experiencing trouble paying their utility bills should visit our Assistance page at DominionEnergySC.com or contact us at 1-800-251-7234. Company, Federal, and State funding exists to help qualifying customers with financial assistance.
